ABOUT MOWA

MINNESOTA ONSITE WASTEWATER ASSOCIATION

The Minnesota Onsite Wastewater Association (MOWA) represents individuals and company members in Minnesota who work, have an interest or are involved with the onsite wastewater industry.

Founded in 1975, MOWA is the only Minnesota non-profit business association whose primary objective is to promote professionalism in the wastewater industry. MOWA members include installers, maintainers, service providers, designers, inspectors, engineers, soil scientists, government regulators, educators, manufacturers, suppliers, students and others interested in Minnesota's wastewater industry. MOWA members are united by their desire to increase the level of education and professionalism in the wastewater industry.

Make a commitment to your career and your profession by joining today!

MEMBERSHIP BENEFITS

As a member of MOWA you can expand your knowledge, receive member discounts, and increase your professional network while making a difference in the wastewater industry.

MOWA PROVIDES ITS MEMBERS WITH
